AvgMinsWhenStart, AvgMinsWhenSubbed, Average Minutes and Matches Played by Fullname

The chart displays the average minutes played when a player starts a game versus when they are substituted. The x-axis represents the average minutes, ranging from 0 to 100. The y-axis lists the fullname of the players. For each player, there are two bars: a blue bar for 'AvgMinsWhenStart' and a dark blue bar for 'AvgMinsWhenSubbed'. In all cases, the 'AvgMinsWhenSubbed' value is significantly higher than the 'AvgMinsWhenStart' value, with Callum Hu... being the only exception where the two values are equal at 28.
